Independent auditor's report

To the Directors of MS Canada – Quebec Division and Partner Organizations in Quebec

Our opinion

In our opinion, the accompanying combined financial statements present fairly, in all material respects, the financial position of MS Canada – Quebec Division and Partner Organizations in Quebec (together, the Society) as at December 31, 2024 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

What we have audited

The Society's combined financial statements comprise:

- the combined balance sheet as at December 31, 2024;
- the combined statement of revenues and expenditures for the year then ended;
- the combined statement of changes in net assets for the year then ended;
- the combined statement of cash flows for the year then ended; and
- the notes to the combined financial statements, which include significant accounting policies and other explanatory information.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the combined financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Society in accordance with the ethical requirements that are relevant to our audit of the combined financial statements in Canada. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Emphasis of matter – combined financial statements

We draw attention to note 2 to the combined financial statements, which describes the basis of accounting under which the businesses included in the combined financial statements have not operated as a single entity. These combined financial statements are, therefore, not necessarily indicative of results that would

PricewaterhouseCoopers LLP
1250 René-Lévesque Boulevard West, Suite 2500, Montréal, Quebec, Canada H3B 4Y1
T.: +1 514 205 5000, F.: +1 514 876 1502, Fax to mail: ca_montreal_main_fax@pwc.com

"PwC" refers to PricewaterhouseCoopers LLP, an Ontario limited liability partnership.

have occurred if the businesses have operated as a single business during the year presented or of future results of the Society. Our opinion is not modified in respect of this matter.

Responsibilities of management and those charged with governance for the combined financial statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Society's financial reporting process.

Auditor's responsibilities for the audit of the combined financial statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these combined financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the combined financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the combined financial statements, including the disclosures, and whether the combined financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Society to express an opinion on the combined financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

MS Canada – Quebec Division and Partner Organizations in Quebec

Notes to Combined Financial Statements

December 31, 2024

1 Organization

MS Canada – Division of Quebec (the Quebec Division) and 18 Partner Organizations in Quebec included in these combined financial statements were all incorporated under Part III of the Quebec Companies Act and work collaboratively for the purposes of providing services to people living with multiple sclerosis (MS) in Quebec, educating the public and financing medical research.

The Quebec Division and 15 Partner Organizations in Quebec are registered charitable organizations under the Income Tax Act (Canada). The remaining Partner Organizations are non-profit organizations for the purposes of this legislation. The Quebec Division and the Partner Organizations in Quebec are not subject to income tax.

MS Canada and the Quebec Division are two entities that share a common strategic framework in order to optimize the work they do toward achieving shared goals. As such, they strive to coordinate their actions so that these have the greatest possible impact for Canadians living with MS.

2 Summary of significant accounting policies

Basis of accounting and presentation of combined financial statements

These combined financial statements have been prepared in accordance with Part III of the CPA Canada Handbook – Accounting – Accounting Standards for Not-for-Profit Organizations (ASNPO). They present the combined assets, liabilities, net assets and operations of the Quebec Division and the Partner Organizations in Quebec (collectively, the Society).

All inter-society transactions and balances have been eliminated.

Use of estimates

The preparation of combined financial statements in accordance with ASNPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as well as disclosure of contingent assets and liabilities reported in the combined financial statements and the reported amounts of revenues and expenditures for the year. Actual results could differ from those estimates.

Volunteer services and contributed materials and services

The work of the Society is dependent, among other things, on services provided by numerous volunteers. In addition, the Society may receive contributed materials and other services. Because these materials and services are not normally purchased by the Society, and because of the difficulty in determining their fair values, contributed materials and services are not recognized in these combined financial statements unless they relate to capital assets.

MS Canada – Quebec Division and Partner Organizations in Quebec

Notes to Combined Financial Statements

December 31, 2024

2 Summary of significant accounting policies (continued)

Revenue recognition – Contributions

The Society follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenditures are incurred. Unrestricted contributions are recognized as revenue when received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured.

Inventory

Inventory is valued at the lower of cost and current replacement cost. Cost is generally determined on a first-in, first-out basis. Inventory comprises campaign and informational material.

Capital assets

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair value at the date of contribution. Amortization is provided for on a straight-line basis over the estimated useful lives of the assets. Computer and office equipment are amortized over three- and five-year periods, respectively. Leasehold improvements are amortized over the residual life of the lease.

Net assets

Net assets, other than those invested in capital assets and those that are internally restricted, are unrestricted. Internally restricted net assets result from a resolution of the Board of Directors of certain Partner Organizations (note 10). Investment income earned on the restricted assets is unrestricted. The Society does not have externally imposed restrictions on its capital, except for the Partner Organizations subsidized by the Programme de soutien aux organismes communautaires (PSOC), which must observe certain restrictions relating to the accumulation of surplus.

Allocation of expenses

The Society provides direct services to people affected by MS, funding for research into the cause and cure for MS, public education and awareness-raising activities, volunteer development and support, advocacy with governments, and stakeholder advocacy programs. The cost of each program includes the costs of personnel responsible for delivering it as well as expenditures that are directly related to its operation.

The Society also incurs costs related to fundraising, administration and governance. The expenses associated with these activities include the salaries of personnel responsible for these activities and directly related expenses.

MS Canada – Quebec Division and Partner Organizations in Quebec

Notes to Combined Financial Statements

December 31, 2024

2 Summary of significant accounting policies (continued)

Salary expenses are charged to the activity or activities for which the personnel are accountable for based on the allocation of time required to carry out their individual roles and responsibilities. The salary expenses are reviewed on an annual basis as part of the budgeting process, and adjustments are made during the year for significant changes in an individual's area of responsibility.

In addition to these direct costs, a number of support expenditures are incurred that are shared among all activities. The support expenditures include office equipment, amortization of capital assets, office rent and occupancy costs, and audit fees. The Society attributes these program fees and activities based on the hours spent on programs and activities by its employees.

Salary expenses and support expenditures are attributed between programs and activities as follows:

			2024	2023
	Quebec Division \$	Partner Organizations in Quebec \$	Total \$	Total \$
Program spending	741,915	1,677,481	2,419,396	2,181,065
Fundraising expenditures	939,269	567,647	1,506,916	1,614,962
Administration	254,295	442,827	697,122	633,857
	1,935,479	2,687,955	4,623,434	4,429,884

Financial instruments

Measurement of financial instruments

The Society initially measures its financial assets and financial liabilities at fair value. The Society subsequently measures all its financial assets and financial liabilities at amortized cost, except for equity investments quoted in active markets, if any, which are measured at fair value. Changes in fair value are recognized in excess (deficiency) of revenues over expenditures for the year.

Financial assets measured at amortized cost consist of cash, accounts receivable and non-restricted investments, and financial assets measured at fair value consist of restricted investments. Financial liabilities measured at amortized cost consist of accounts payable and accrued liabilities, obligations under capital leases and annuity payable.

MS Canada – Quebec Division and Partner Organizations in Quebec

Notes to Combined Financial Statements

December 31, 2024

2 Summary of significant accounting policies (continued)

Presentation and transaction costs

Liabilities are classified as current unless the Society has an unconditional right to defer its settlement liabilities for at least 12 months after the combined balance sheet date.

Transaction costs on financial assets and financial liabilities measured at amortized cost, if any, are added to or netted against the carrying value of the related asset or liability and then recognized over the expected life of the instrument using the straight-line method.

Impairment

Financial assets measured at amortized cost are tested for impairment when there are indicators of impairment. The amount of the writedown is recognized in excess (deficiency) of revenues over expenditures for the year. The previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in excess (deficiency) of revenues over expenditures for the year.

11 Combined statement of revenues and expenditures

This account comprises part of the amounts provided in the combined statement of revenues and expenditures:

	2024 \$	2023 \$
Amortization and writeoff of capital assets	61,871	58,271

MS Canada – Quebec Division and Partner Organizations in Quebec

Notes to Combined Financial Statements

December 31, 2024

12 Research funding

An important part of the Society's mission is to finance medical research on MS. This contribution is presented in Research and Research – Acts of greatness campaign in the combined statement of revenues and expenditures. The amount of the annual contribution to research is determined by the Board of Directors of the Quebec Division and each of the Partner Organizations in Quebec, taking into account their respective financial situation.

	2024 \$	2023 \$
Excess of revenues over expenditures for the year	474,770	194,231
Research	(750,000)	(465,000)
Research – Acts of greatness campaign	-	(20,000)
	<hr/>	<hr/>
Deficiency after the contribution to research	(275,230)	(290,769)

During the year ended December 31, 2024, the Quebec Division and the Partner Organizations in Quebec received, on a combined basis, contributions from donors allocated to research amounting to \$123,000 (2023 – \$122,000). Additionally, decisions by the Boards of Directors of some of the Partner Organizations in Quebec with positive net asset positions resulted in an additional contribution to research in the amount of \$627,000 (2023 – \$363,000) was made during the fiscal year.

13 Commitments and contingencies

Minimum rents for premises leased under long-term operating leases are as follows:

	\$
2025	278,603
2026	244,274

Pursuant to the assignment of the office lease agreement by the Quebec Division, the Society remains a joint and several co-debtor until the termination of the original lease expiring June 30, 2032.

MS Canada – Quebec Division and Partner Organizations in Quebec

Notes to Combined Financial Statements

December 31, 2024

14 Financial instruments

Credit risk

Financial instruments that potentially subject the Society to credit risk consist of cash, accounts receivable and investments. The Society has deposited its cash with reputable financial institutions. Accounts receivable primarily consist of amounts receivable from the Multiple Sclerosis Society of Canada and government entities. Management therefore considers that there is no credit risk as at December 31, 2024.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The Society is exposed to market risk relating to its investment in units of a mutual fund that is invested in US equities; however, this risk is limited given that the amount invested is not significant.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with its financial obligations. The Society is exposed to this risk mainly in respect of its accounts payable and accrued liabilities, obligations under capital leases, annuity payable and commitments for the rental of its premises. The Society minimizes this risk through an annual budget process and rigorous follow-up.

15 Corresponding figures

Certain corresponding figures from the previous fiscal year have been reclassified to conform to the presentation of the current fiscal year.
